

# DMC Cap Seam Profile

Classic yet versatile, our Cap Seam roof is ideal for a variety of projects, especially those including curved applications. The low profile 1" cap with the flat pan effortlessly accommodates detailing at hips and valleys, and can be curved as tight as a 3' radius. A quick and easy installation is inherent in this premium quality roof system.

# DMC Snap-On Batten Profile

Distinctive in its powerful profile design, the DMC Snap-On Batten roof system beautifully accentuates the architectural appeal of mansards, fascias and other solid substrate with a slope that exceeds 3:12. The ample 1-1/2" batten provides added dimension with bold shadow lines, while the heavy-duty construction delivers outstanding performance and protection. Quick snap-on battens ensure ease of installation.
