

## LIMITED WARRANTY OF APPLICABILITY

### FOR HOT DIPPED GALVANIZED STEEL SHEET

Hot Dipped Galvanized Steel (HDG), as manufactured by steel makers in the U.S.A., does not carry a specific written warranty against defects in materials or workmanship. Rather what is implied is the product will perform as required for the specific purpose for which the HDG was ordered.

Drexel Metals specifically warrants the following:

1. The HDG supplied will perform the function for which our customers order the product. Providing this information is specified at time of order placement.
2. The HDG supplied will be free of defects in the coating.
3. The HDG supplied will meet the standards of ASTM A653-96 or current version.
4. The HDG supplied will be Structural Quality to meet 50PSI as specified by ASTM.
5. The HDG will have a coating weight of G-90, as specified by ASTM, unless a specific different coating weight is ordered.

Any product determined by Drexel Metals, in its reasonable discretion, to be defective for the purposes ordered will be replaced by Drexel Metals within one (1) year following invoicing.

In no event will Drexel Metals be liable for any loss of profits, or loss of use, or for any incidental, consequential, special, or other damages however caused, directly or indirectly, attributable to the products or any defects therein.

Except for the express warranty set forth above, Drexel Metals makes no other warranties, whether express or implied. Including any implied warranties or merchantability and/or fitness for a particular purpose. The exclusive remedy of replacement of any defective product is the sole and exclusive remedy which may be available.

This limited warranty of applicability covers only the HDG substrate. For paint warranty see the specific pass-through warranty.
